EXPERIENCE

FOUNDER AND CREATIVE DIRECTOR

2001 - Present

Nrvana Digital - Boulder, Colorado

- Initiate, develop, nurture and educate in client relationships; and discern innovative, pragmatic solutions to accomplish stated goals in a precise and timely manner.
- Create brand, messaging and advertising strategy; and design and produce logos, style-guides, printed materials, websites and multimedia assets across a variety of industries.

UI DESIGNER AND FRONT-END DEVELOPER

2016 - Present

Savoya/Groundwork - Dallas, Texas

- Designed a map based control center, and improved UI in sketch; and implemented the interface with Pug/Stylus into an Angular application as a member of a 4 person dev team.
- Worked with marketing on a WordPress development sprint; devised strategy and built functionality to import data and display it on service pages and into a linked smart search.

VISUAL DESIGNER AND FRONT-END DEVELOPER

2011 - 2012

Serge Media Corporation - Santa Monica, California

- Created wireframes and user flows, and designed usable, intentional, visual interfaces for mobile and web; created assets and built prototypes to demonstrate ideas to investors.
- Worked on a team of 20 developers, writing front-end code in an MVC framework, using an agile development process, for 6 start-up businesses in the augmented reality space.

ART DIRECTOR AND PRODUCTION ARTIST

1999 - 2001

Mightybytes Multimedia Agency - Chicago, Illinois

- Managed a large variety of web and multimedia projects from initial client contact through final delivery, using clear and precise communication.
- Carried out design, animation and editing in After Effects, Premier and Flash.

ART DIRECTOR AND PRODUCTION ARTIST

1997 - 1999

Brann Blau Advertising Agency - Chicago, Illinois

- Worked on a 30 person, direct marketing, creative team to promote client products.
- Developed proficiency with composition, layout, color and typography.
- Built and edited a variety of documents in InDesign, and carried out pre-press for print.
